#### Fan Wall

With the Fan Wall feature, users of your application will be able to post comments and/or photos and to discuss among themselves.

# 1. Add a Fan Wall

When you add the Fan Wall feature to your application, you can set the "Near me" settings. It will allow a user to display on the Fan Wall only comments/photos from users around him, in the radius you have determined.

### 2. Add messages

You can add messages directly from the Editor by clicking on "Add an item" and then type your text and/or upload an image.

#### 3. Display possibilities

Let's see how it looks on the Fan Wall. You can choose "Near me" to display messages posted from a close position to you (determined by the "Near Me" radius), or "Recent" to display recent messages.

You can also click on "Photos" to display a gallery with all pictures that were uploaded to the Fan Wall.

And you can finally click on "Map" to display a map and to display the pictures geographical position.

Of course, the Fan Wall page allows your users to like and comment content that Page 6 / 8 (c) 2025 ABCApp <support@abcapp.org> | 2025-07-04 00:35
