

API keys

Create a Google Maps Javascript API key

Go to <https://developers.google.com/maps/documentation/javascript>

Then click on  on the upper right.

Then select "Create a new project"

Then you obtain your API key:

You're all set!

You're ready to start developing with Google Maps JavaScript API!

YOUR API KEY

AZxwByMfEHyT2FO2d8WgkKLE7oivmKaDRgiE~2c

 To improve your app's security, restrict this key's usage in the [API Console](#).

Click on the link "API Console":

 To improve your app's security, restrict this key's usage in the [API Console](#).

In the new window, for the Key restriction, select "None".

Save and you're all set!

Now you just have to copy and paste your API key in your editor in Settings -> Advanced.

Finished

Unique solution ID: #1042
