

# API keys

## Flickr API

API keys used to display the images from the account of a specific user. You have to be connected under this Flickr account when you create the Flickr API keys.

API KEYS

---

Facebook API settings

App id

Secret Key

Twitter API settings

Twitter consumer key

Twitter consumer secret

Twitter API token

Twitter API secret

Instagram API settings

Client ID

Access Token

Flickr API settings

Flickr API key

Flickr API secret

[Save](#)

From the left menu, click on Settings. Copy and paste your Flickr API Key and Flickr API secret, in your ABCApp Settings > APIs.  
You're done!

Unique solution ID: #1045
